Spring is Coming

*After the frozen snow is gone
And the chill has left the sky
The sun will come; but won't stay long
No matter how hard it tries*

*As each day passes onward through
The sun stays a bit longer
Birds started nesting with its crew
Warm air got somewhat stronger*

*Signs of life became quite awesome
As love's spring time is about
Buds of early shooting blossoms
Had begun to wake and sprout*

*Each year is fascination's pride
And spring time's love of giving
A time for growth of warmth out side
God's blessing for the living*
